Arrested for Grand Larceny.

It will be remembered that some time  
since John T. Woodard, the lottery man,  
was arrested on a warrant sworn out by  
Jeremiah Miller, charging him with embe-  
zlement. Miller alleged that he was the  
holder of a lucky ticket in the Louisiana  
lottery which had been purchased from  
Woodard. According to his story Woodard  
received the amount for which the ticket  
called and placed it in one of the banks in  
his own name, refusing to give it to him.  
(Miller). The case was tried before "Squire"  
Feltman, who bound the defendants over  
to the Grand Jury in the sum of \$2,000. Yester-  
day the Grand Jury made its final report,  
finding an indictment against Woodard for  
grand larceny and embezzlement, and it was  
on the former charge that he was arrested  
late in the afternoon by Patrolman Hine.  
At least accounts Woodard, in company with  
an official, was bustling about the city in  
search of a bondsman.

bruised, while he was injured to some extent  
about the body. He was removed to the  
City Hospital in one of the city ambulances,  
where he received medical attention. It is  
not expected that his injuries will result  
fatally.

## LEGISLATIVE NOTES.

A Joint Resolution Concerning  
the Term of County Officers.

Bill by Representative Debs Concerning  
Co-Servants of Railroad  
Companies.

Adjutant General Carnahan Ad-  
dresses the House on the New  
Orleans Exposition.

House Resolution to Make Inquiry Into  
the Keeping of the State Funds

—Other New Notes.

Mrs. Governor Wallace and Mrs. Ad-  
Amstrong were on the floor of the Senate  
yesterday.

John W. Ragdale, ex-Treasurer of Johnson  
County, and an influential young Democrat,  
was on the floor of the House yesterday.

Of the 100 members of the House and Sen-  
ate, not one is a disciple of that horry-  
banded son of toil, Hon. Benjamin F. But-  
ler.

Senator Fowler, of Clay and Owen, thinks  
the Bureau of Statistics is more expensive  
than profitable, and has introduced a bill to  
abolish it entirely.

Mrs. Harriet Cooper, of Shelby County,  
candidate for State Librarian, was in con-  
versation yesterday with the Senators and  
Representatives in the furtherance of her  
claims.

Senator Bailey has introduced a bill to re-  
lieve the trustees of Decatur, Warren, Perry,  
Lawrence, Franklin, Pike and Wayne Town-  
ships, this county, from loss by the recent  
bank failures in this city.

Miss Belle Prather, of Brazil, Clay County,  
has entered the field as an aspirant for the  
office of State Librarian. Miss Prather is a  
teacher of several years' experience, and, no  
doubt, well qualified for the position.

In the Senate yesterday, Senator Willard  
submitted a report on committee rooms, the  
rates on five rooms being as follows: Bates,  
\$300; Grand, \$200; Occidental, \$300. (The  
committee was continued until to-day to see  
if better rates could not be secured.)

The Senate concurrent resolution, request-  
ing our Senators and Representatives in  
Congress to vote for the passage of the bill  
granting pensions to soldiers who were con-  
fined in Confederate prisons during the  
war, was passed by the House yesterday at-  
tention.

Representative Krueger, of Lafayette, has  
introduced a joint resolution to change the  
Constitution as it applies to the length of  
terms of county officers. Under its provis-  
ions all county officers will be held four  
years, and the incumbents shall not hold  
the same office two terms in succession.

Representatives C. R. Cory, E. H. Staley  
and B. W. Smith were yesterday appointed  
a committee to act with the Senate Com-  
mittee in preparing a memorial commemorative  
of the life of Hon. Schuyler Colfax. Sen-  
ators Magee and Foulke were appointed on  
the committee by the Lieutenant Governor.

The Moody resolution, which provides for  
the appointment of a special committee to  
investigate the need of additional inmate  
hospitals, and which was passed by the  
House yesterday afternoon, has been pos-  
tponed one week on account of Mr. Moody's  
sickness, he being too ill to attend the  
sessions of the House.

A bill having for its object the safety of  
county and township funds has been intro-  
duced by Mr. Loyd, of Ripley. It provides  
that County Commissioners shall designate  
some bank or banks in which county and  
township funds shall be deposited, and that  
the bank of deposit so designated shall give  
a bond for the safe keeping of the same.

The last Legislature appropriated \$10,000  
by joint resolution to the widow of the late  
Edwin May, State-house architect, but the  
Auditor of State refused to audit it, holding  
that the Legislature had no right to appro-  
priate money by a joint resolution. The Su-  
preme Court sustained this view of the mat-  
ter, and the money was not paid. It is un-  
derstood that the question will be revived  
at the present session.

Representative Kellison, of Marshall, has  
introduced a bill which has for its object  
the reduction of costs in cases which are  
carried up to the Supreme Court. It provides  
that, in such cases, all the original papers in a  
case and the bill of exceptions shall be  
transmitted to the Supreme Court and that  
the transcript shall contain only such facts  
of the record as are contained in the order  
books and dockets of the Court.

The Republican members of the Legislature  
will meet to-night for the purpose of select-  
ing a candidate to receive their complemen-  
tary vote for Senator. It is generally con-  
ceded that Governor Porter will be the nam-  
ee for the position, and his selection will  
no doubt be unanimous. W. A. B. Roberts,  
at one time a clerk in the Governor's office,  
is said to be conducting the Governor's cam-  
paign.

Mr. Hoban, of Shelby, has introduced a  
bill in the House which requires all railroad  
companies in the State to cause at least "one  
accommodation passenger car or cars to stop  
once every two miles going and coming  
from the terminal points every twenty-  
four hours." The condition is made, how-  
ever, that the persons wishing to be ben-  
efitted by this arrangement "shall erect or  
cause to be erected two miles from each  
other suitable platforms for the reception  
and delivery of passengers." The bill was  
referred to the committee on railroads.

Mr. Akin, of Parke, has introduced a  
bill in the House creating and defining the  
Twenty-first, Twenty-second and Forty-  
seventh Judicial Circuits, and providing for  
the appointment of a Judge for the Forty-  
seventh District, and also providing for  
the Twenty-first and Twenty-second  
Judicial Districts; Montgomery consti-  
tutes the Twenty-second, and Vermilion and  
Parke Counties compose the Forty-seventh.  
The bill provides that the Governor shall  
appoint the court officers till the next gen-  
eral election.

Representative Patton, of Sullivan, yester-  
day introduced a resolution, which is simi-  
lar in many respects to that introduced in  
the Senate by Mr. Foulke the day before. It  
provides for the appointment of a commit-  
tee of three from each House for the pur-  
pose of investigating the matter mentioned  
in Porter's message, referring to the funds in  
the hands of the State Treasurer, the com-  
mittee to be vested with authority to com-  
pel the attendance of witnesses, to call for  
papers and to employ an expert accountant.  
Mr. Gooding said that he thought the law

required the Governor to order such an in-  
vestigation as that proposed by the resolu-  
tion, but had not had time to investigate the  
statutes, and was therefore unable to vote  
upon the question. He moved that the  
matter go over and be made the special or-  
der for to-day at 2 o'clock. The motion pre-  
vailed.

Representative Debs, of Vigo, has intro-  
duced a bill which has for its object the  
change of a rule of common law which has  
long worked a hardship upon co-servants of  
corporations. Under the rule when the  
servant of a railroad was injured by acci-  
dent while on the discharge of his duties, it  
was a good defense on the part of the rail-  
road to show that the injury was received as  
a consequence of carelessness or neglect on  
the part of a fellow servant or employee. Mr.  
Debs' bill provides that this shall not be a  
defense hereafter, and the railroad employee  
is practically placed upon the same footing  
with the traveling public. The bill is a  
move in the right direction. A fellow-em-  
ployee has as much right of protection  
against the negligence of servants as the  
traveling public.

Adjutant General Carnahan was on the  
floor of the House yesterday afternoon, and  
addressed the members on the subject of the  
New Orleans Exposition and the exhibit of  
Indiana thereat. All the States are repre-  
sented in their agricultural, industrial and  
educational interests. As an evidence of the  
magnitude of the building at New Or-  
leans, the Speaker said that all the buildings  
at the Centennial could be placed within  
the main building at New Orleans. The  
Speaker then described the several exhibits  
of Indiana, and showed their position by a  
diagram which he explained to the members.  
Speaking of the coal exhibit, he said  
that Indiana coal was the only kind that is  
not affected by the weather. He has Indiana  
stone on exhibit, and when a committee who  
have in charge the selection of stone for the  
Atlanta, Ga., State-house, saw our exhibit,  
they came immediately to Bedford and  
made a contract for the stone to be used in  
the building. Indiana, emphatic life, he  
said, had no competition worth naming, save  
in some that has been shipped to this coun-  
try from France. According to the speaker,  
Indiana has contributed less money than any  
other State toward making its ex-  
hibit. He said that more money would  
be needed. He referred to the pro-  
posed encampment, and thought that  
Indiana should do her part in the matter. A  
resolution was introduced after the address  
reciting that the thanks of the House were  
due General Schuyler Colfax as Commissioner  
of the State, and that a sufficient amount  
should be appropriated to carry on the work.  
A division was demanded, and the first part was unanimously  
adopted. A motion was made to refer the  
previous distinction. He was a man of fine  
social nature, of fervent friendships,  
of tender sympathies, and was singularly free  
from vindictiveness and resentments. Meet-  
ing as fellow-citizens and friends of the dead  
statesman, it is resolved,  
"That we shall ever hold his memory  
and his public services in sincere regard."  
"That we tender to his family, in their  
great affliction, our most sincere and fervent  
sympathy."

Tribute to Hon. Schuyler Colfax.

The committee appointed by the meeting  
of citizens on Tuesday evening to prepare a  
tribute to the character of Hon. Schuyler  
Colfax report the following:

"The citizens of Indiana assembled at the  
Capital have heard, with extreme regret, of  
the death of Hon. Schuyler Colfax, one of  
the State's most esteemed and distinguished  
citizens. In a career of long useful and  
eminent public service Mr. Colfax shed  
luster upon the name of the State and won  
honorable fame in the Nation. Beginning  
life without any of the adventitious aids  
that are commonly supposed to assist in  
achieving fame, he rose to distinction by  
means of natural talents, a most genial  
temper, and a life of unremitting applica-  
tion to every work he took in hand. As a  
member of the Constitutional Convention  
of this State, as a Representative in  
Congress, as Speaker of the House of  
Representatives of the United States, and as  
Vice President of the United States, he  
proved himself well equipped for every duty,  
and in each successive place he added to his  
previous distinction. He was a man of fine  
social nature, of fervent friendships,  
of tender sympathies, and was singularly free  
from vindictiveness and resentments. Meet-  
ing as fellow-citizens and friends of the dead  
statesman, it is resolved,  
"That we shall ever hold his memory  
and his public services in sincere regard."  
"That we tender to his family, in their  
great affliction, our most sincere and fervent  
sympathy."

A Heavy Verdict.

The jury in the case of James E. Twine  
vs. the Street Car Company, returned a  
verdict last night at a late hour, giving  
plaintiff a verdict for \$1,800 damages. The  
case has been on trial for two or three days  
in Room 1, and went to the jury yesterday  
afternoon. Plaintiff's wife was a passenger  
in one of the street cars, a year ago, and  
was injured while riding. She sued for dam-  
ages in the Superior Court and recovered a  
verdict for \$1,800. Her husband sued the  
company for financial loss to him, his wife be-  
coming a williner by trade, and she being unable  
to resume her occupation by reason of her in-  
juries.
